

MOBILE HYDRAULIC SUPPORT

HYDRAULIC PROGRAM MANAGER

24/7 Call Out Service

- Hose Repair/Replacement
- Troubleshooting and Flow Testing
- Hydraulic Cylinder Repairs
- Hydraulic Systems Maintenance
- Oil Filtering Service

**Call Shady or Dave:
09 238 6090**

With 24 years experience in the Royal Navy as an equipment systems engineer, Shady has maintained hydraulic systems ranging from the 9mm Browning to that of the Polaris missile.

On relocating to New Zealand he joined Vickers - Eaton. During his 18 years in their service Shady accumulated a vast range of industrial and mobile hydraulic experience.

Shady has since joined the Belcher team as Hydraulic Program Manager and is utilising all of his experience in promoting his philosophy of excellent hydraulic practises for our customers in all aspects of the hydraulic environment.

INTRODUCING THE PROGRAM

PROGRAM SCOPE

EASE OF IMPLEMENTATION

The Belcher Hydraulic Systems Care Program is a structured preventative program to reduce the operational cost of hydraulic equipment

Benefits:

- Minimise premature component failure
- Minimise unscheduled downtime and crisis management
- Ensure peak performance of equipment
- Failure analysis improves the reliability of your systems
- Detailed record keeping ensures effective component change-out scheduling

To ensure optimum plant efficiency the systems care program includes the following steps:

- Maintaining fluid cleanliness
- Optimising fluid temperature and viscosity
- Scheduled checking and adjusting of hydraulic system settings to meet design specification
- Scheduled change-outs of components
- Failure analysis to prevent repeat events
- Achieving zero-leak hydraulics
- Accurate recording into our computerised database

Seamless integration into your current maintenance schedule

- Non-intrusive survey of existing system
- Evaluation of present maintenance cost and setting a cost saving target
- Introduction on an area by area basis according to the priorities you set
- Program runs independently of normal maintenance activities
- Our policy is to replace like brand with like, unless a better alternative is available
- Program evaluation on agreed dates
