Panasonic 60GB HDD Movie Camera \$942
The H60 has a 60GB hard disk drive that can hold up to 54 hours of recording (in LP mode). Advanced Optical Image Stabiliser - compensates for handshake. One Touch DVD Copying - store your footage on DVD using the VW-BN1E DVD Burner (Optional). Simply connect the H60 to the VW-BN1E via USB, and a single button push allows you to copy from the movie camera direct to DVD. The disc made can be played on DVD players, so sharing and playback is easy.

Panasonic 60GB HDD Movie Camera \$1594
1920 x 1080 Progressive (25 fps) Full HD Recording. The HS9 introduces Panasonic's first Face Detection function for use in recording moving pictures with a movie camera. Face Detection automatically locates any faces in the picture and adjusts the exposure, contrast and skin tone to achieve optimal results.
