

Quietly Superior
keeps your home cosy

Mitsubishi Inverter Heat Pump/Air Conditioner. \$2899

The Inverter High Wall Series is energy efficient and whisper quiet, while the stylish and contemporary flat panel design will complement any interior. This innovative range features a Catechin and Anti Allergy Enzyme filter for improved air quality and comfort.

Mitsubishi Inverter Compact Floor Console Indoor Unit.

This new range of floor consoles are designed to discreetly sit at floor level or be recessed into the wall. The slim-line range features independently controllable upper and lower air outlets ensuring optimum air distribution, while the deodorising and air purifying filter system will ensure healthier and cleaner air. Ask in store for your special price on a unit for your specific requirements.

Mitsubishi Wall Mounted Split System Air Conditioner.

Enjoy climate Control all year round at the touch of a button. Ask in store for your special price on a unit for your specific requirements.
