TIME FOR CHANGE

Sir Roger Douglas
Act candidate for Hunua
www.roger4hunua.com

"New Zealand has lost 850,000 bright young Kiwis over the last 13 years. New Zealand's living standards have fallen from 3rd in the world to 38th in the last 50 years. Labour and National have failed. It's time for a change, a real change."

Act voted against Sue Bradford's anti smacking bill, National voted for it. The "me too" attitude of National is not good enough.

ACT will

- ✓ **CUT TAXES TO BELOW 20c IN THE DOLLAR** across the board by holding government expenditure to the level of inflation.
- ✓ **REFUSE TO GO ALONG WITH THE EMISSION TRADING SCHEME** until 75% of the world is signed up. Not as National says "hold it up for 9 months". The scheme will cost NZ well over a billion dollars a year.
- ✓ **SPEND UP TO 1 BILLION DOLLARS** extra on law and order to clamp down on crime.
