What's your favourite toy? The Mini. So why do you do have it? Enjoy the racing and the social side of it immensely. What's the reaction from your partner? Supportive. What's your most favourite moment? Finishing 3rd overall for the weekend at Teretonga and first Mini home by 2 seconds in the Pukekohe 6 hour race. Worst moment? No brakes going into Higgins at Manfield last year doing about 140km What's your dream toy? Porsche GT3

**TOY - 4.7M NORTH SAIL ON A STARBOARD CARVE WITH LOTS OF CARBON HOLDING IT ALL TOGETHER.**  
**OWNER - MARINUS VAN WIJK**

What's your favorite toy? 5.4m sail on a small board with about 30 knots side onshore wind and some good sized surf to rip on and jump off. Why do you do have it? It's just such a rush. Windsurfing can be so many things. From flying off the top of a wave on a turquoise day or being the only one out in the heaving froth of a cyclone sailing on the edge of control, to blasting up the harbour on flat water at over 50kmh with the setting sun glistening gold on the water. What's the reaction from your partner? Her family got me into this sport so she can relate to the call of the wind. What's your most favourite moment? So many. But when you land a big floating jump back on the wave face under full power then the feeling of getting it just right is awesome. Worst moment? Hey what doesn't kill you makes you stronger. Breaking gear when you're the only person in the middle of a storm could qualify, but you certainly know you're alive. What's your dream toy? The list is long but in windsurfing it would be a holiday home in Maui .
