

MUST HAVE

For Every Home in Franklin!

Franklin eLocal's inaugural 2008 Yearbook breaks new ground – presenting an in depth profile of the people and the places that make up this unique district to capture the real spirit of Franklin. Stories have been specially chosen from our archives and are presented along with new, previously unpublished articles to profile Franklin's best. Within these pages people speak poignantly of the past, of the issues they confront in the present and their dreams and visions for the future.

There is adventure, romance, history, motoring mania, fashion, endeavour, humour and inspiration. Above all, these stories reveal how individuals come together from many diverse experiences to create the vibrant community that is Franklin. This limited collectors' edition is presented in a premium hard cover, hand stitched, 200 page coffee table year book and is simply a must have as an addition to your Franklin Collection.
