Rambling beautiful gardens for Drury School

Over \$30,000 was raised by a very successful Garden Ramble of Drury, organised jointly by the Rotary Club of Drury and the Friends of Drury School. Organisers were delighted by the public response, with hundreds enjoying their tour around some of the most breath-taking gardens in Drury. Half of the proceeds go to fit out a new music and arts facility at the school, while the rest will be used by the Rotary club to assist various charities, notably the Blue Light programme for young people. The club celebrated the success at their recent dinner meeting, where owners of the exhibit gardens were honoured.
