

ALBERTS

Alberts, a new luxury experience for your wellbeing and enhancing your natural beauty

Beautifully designed to be both functional and elegant, Alberts has entwined chocolate tawa floors, stone benches, decadent chandeliers with modern Italian furniture in a new luxurious environment, leaving our guests feeling pampered, soothed and relaxed.

Pukekohe now lays claim to a premium Kerastase Salon since Alberts on Hall Street opened in August.

Natasha Harris, who owns the salon with her husband Scott, says that they have dreamed of expanding and creating a complete salon experience for over 3 years.

Alberts offers Kerastase indulgence rituals, a specialised range of luxury treatments to indulge your scalp and hair and enhance their natural beauty. Kerastase indulgence rituals take hair care one step further than cleansing and conditioning, and combines advanced technology and expert beauty solutions with a divine in-salon wellbeing experience.

Alberts has been in business for 12 years and is now enjoying their new home in Pukekohe. Natasha started in the salon's original premises in Papakura. She witnessed the strength and growth of Pukekohe and it became clear that Pukekohe would be the perfect location to invest in and create her goal of creating the ultimate client journey, and customer satisfaction. "It is not enough to meet our client's expectations we need to exceed them" says Natasha.

"We saw the relocation as an opportunity to set a whole new direction for where we were going as a business. In our previous location we were a hair salon, we are now a luxury Hair Spa providing a unique and ultimately personalised salon experience."

The new Alberts is cleverly crafted, the space appeals to both function and form- a beautiful haven for guests, the design is very opulent and glamorous, but at the same time it's inviting. It is the perfect mesh - "A modern twist on classical elegance" says Natasha, beautiful crystal chandeliers create a sense of decadence.

We have created, specially designed areas for each stage of your Alberts experience - from diagnosis and prescription, to colouring, to cutting and styling. Our beautiful Italian designed Gamma Bross styling chairs and reclining basins are a prominent feature of
