Owner Warren Brown hard at work!

Getting along at 12 knots it really surprised me how comfortable the ride actually is with very little lean, things don't fall off the table so much... and the idea of rolling off while sunbathing while underway is somewhat diminished! Now how much fun can one have? Well, that's what it's all about! Cruczar is available for charter - with a hired certified skipper or if you can already sail you can charter it, providing you can satisfy Warrens complimentary half day sail demonstration. This truly is a great way to spend the day or weekend. A day trip can accommodate 12 people and an overnight accommodates 8 people. Rates are less than you think. You too can live the dream! ■
