**Building or renovating?
Demolition Plus will fit a lot more into your budget!**

Purchasing used building materials" allows you to buy high quality materials at substantially lower than 'new' prices.

Robbie and Linda McDonald are well known in the district. They have been involved in the building and renovation industry for years, previously owning a Hardware and Timber Supplies store. "If you're a home renovator or landlord looking for top quality second hand or new building and maintenance materials, then we can guarantee that we have what you're looking for."

Demolition Plus supply a full range of recycled, new and end of line building materials and products. Materials can also be sourced specifically to meet your needs.

"We buy good quality recycled building materials and will collect anywhere in Auckland - from Tuakau to Whangaparoa."

The most popular range of building supplies are ranch sliders, French doors, windows, kitchen cabinets, bench tops, sinks, taps, vanity units, showers, toilets, carpet and vinyl, plywood, Seratone, corrugated iron.

Demolition Plus recently relocated from Crosbie Road to 227 Manukau Road, Pukekohe, next to Mitre10. The new premises allow them to stock an even larger range of goods for clients to choose from on site. As part of expanding the business Robbie and Linda have recently taken on new staff member Steve Ross, who has worked locally in similar fields and brings a wealth of new knowledge and expertise to Demolition Plus.

Drop in and have a look how much further you could make your budget go!

227 Manukau Road, Pukekohe.
