

# HAIR SALON

our knowledge and empowering clients with exceptional expertise.

**Kylie Thompson:** "As a teenager I was always interested in hair, make up and fashion, which has developed into an amazing career in hairdressing. I was a fresh faced 14 year old when I started my first job in a local hair salon, sweeping floors. Nine years later I'm still growing in the industry and Alberts is the perfect environment for me to extend that further. At Alberts we are like a family and always enjoy our jobs. The highlights of my career to date is being asked to take part in Air New Zealand Fashion week, working at GHD expert tour and working at GHD seminars among Australasia's best hairdressers. Without Alberts I wouldn't have been given these great opportunities! Thanks Albert."

**Carmen Wilson:** "I have been hairdressing for about nine years. I am very passionate about my work, and by paying close attention and getting to know my clients, I can bring to them an exceptional experience while creating the perfect style. Over the last three years I have been attending courses and seminars with hairdressers from Australia and Paris. The courses place emphasis on cuts and colours, and all the latest trends and catwalk fashions, which has helped me give my clients the latest styles to suit them and their needs. I enjoy working at Alberts and am very lucky to have the opportunity to learn and grow in all areas of hair and makeup."

**Belinda Quigley:** "At 16, I graduated as a professional make up artist and started at Alberts as a 1st year apprentice in 2009, where the team has made me feel so welcome. I chose this career because I love to make people feel and look great. I work with Jane Iredale Mineral Makeup, which is antibacterial, and has UVA and UVB protection in all the mineral makeup, right down to the lipsticks! Jane Iredale is simple to use at home, giving you flawless salon results every time. It's perfect for special occasions, such as weddings and balls. I am very confident and passionate about this industry and feel lucky to have the opportunity to give my best in such an exciting career!"

**Clark Sowman:** "My true interest in hairdressing was sparked when I went to watch the Wella Young Professional Stylist awards. The competitive atmosphere and artistic flair inspired the passion in me. I immediately enrolled and spent two years at the Servilles Academy of Hairdressing, which established a solid foundation to start my career. Watching the hair evolve with shape, texture, colour and style, and having the client feel great is extremely rewarding. Alberts has given me the opportunity to really apply and advance my skills. Natasha has created a stunning, flowing salon, with such a dynamic and cohesive team. I feel privileged to be a part of Alberts Hair Salon"

**Jennifer Stewart:** "It's all about feeling alive, looking good, and being true to yourself. After 18 years of hairdressing I've found my new home working at Alberts. The education is exceptional, I have this fantastic opportunity to continue to learn and pass on my knowledge. Colour complements everything; with so many choices we can be inspired to create a glamorous look every season. Our limits are endless, with foiling being my absolute favourite - it creates that perfect finish to all our texture styling and beautiful cuts."

**Anita Atkinson:** "In the back of my mind I've always taken a liking to hairdressing and when I found out after spending a year studying science at university that it wasn't for me, I decided to start a hairdressing course. I went to Premier Hairdressing College in Takapuna and this is where I found my passion for hairdressing, I loved making people feel good about themselves after a new hair do. I was fortunate enough to join the Alberts team and look forward to attending the up and coming courses and training that will help me on my way to finishing my apprenticeship. I hope to be qualified as soon as I can and know Alberts will give me the motivation and training to do so."
