

Coffee 2 Go-Kart Receives Warm Welcome!

When Mark Chamberlain was made redundant in his driving job as the recession bit, he was determined to find a new job using his years of experience. Eight months on from buying a coffee machine and a car, Mark is now like a local 'Santa Claus,' complete with his trademark red shirt, as he appears daily with drinks and muffins at grateful offices around Pukekohe.

Mark: "The service has been really well received in Pukekohe and at events around the district. Before starting Coffee 2 Go-Kart, I did product trials to find just the right coffee, one that gives consistency and appeals to a wide range of tastes. Three months after starting, I did the same with muffins and was fortunate to find Kathy's Kitchen. Kathy bakes our orders fresh every day – when I pick them up in the morning, they are warm from the oven and smell wonderful!"

A range of iced drinks was added to Mark's selection of teas and coffee for summer and, due to popular demand, he is now looking into providing wraps and coffee for lunchtime customers. One of Mark's aims when he started his new career was to have fun and he achieves that every day. Workers are always pleased to see him arrive with his cheery smile and basket of tempting muffins. It's not unusual for him to receive texts on his rounds saying "when are you coming Mark? We need our coffee!"

Wife and business partner Debbi works with Mark at special events around the district, including calf club days, school galas and fundraising events like the big fireworks display in Pukekohe. The pair donates a percentage of their takings to the groups benefiting from fundraisers and Mark hands out fliers from his

Mark and Debbi Chamberlain.

Coffee 2 Go-Kart to promote the events.

"We just love living in Franklin and it's important for us to be part of the community, helping out wherever we can," says Mark. With 11 year old twins Ben and Emma at Patumahoe School, the family is also busy each year with their calf club. The couple settled in Pukekohe seven years ago, but Mark's family farm was at Bombay so he spent a lot of time in the area as a child.

People sometimes ask what DeMac Payroll is – signwritten on Mark's Coffee 2 Go-Kart. DeMac Payroll is Debbi's business, a service for small business owners to take away the headaches of staff payroll. "I set up a whole payroll system, managing holidays, sick leave, child support payments, Kiwi Saver and dealing with IRD. Staff payments can be complex, especially with the tax changes. I promote Ace Payroll, but can work with any existing system," says Debbi. ■
